

1-STALL RESTROOM – ADA HIGH CAPACITY

L: 33' W: 8'2" H: 9'0"

ADA COMPLIANT

The units are not just ADA accessible, but ADA compliant meeting or exceeding the permanent structure criteria as specified by the American Disabilities Act. That's a big difference! The ADA series features the same pleasant interior styling as our other trailers, but with the appropriate accommodations for disabled patrons.

Our ADA Units are ADA approved for handicap accessibility. The unit utilizes a 120/208V, 30 AMP, Single Phase, 4-wire, (NEMA Plug L-14-30) and can operate using a generator. The water supply hooks into a normal water spigot or the fresh water tank can be filled.
